

Accessories / Switches

SF-SW08-G

Gigabit Ethernet Switch 8 ports RJ45

CCTV Switches

Safire switches offer the most advanced technology and stability for your IP networks. With models that can power up cameras and other PoE devices. Starting at 4 RJ45 PoE ports and up to 24 ports. Uplink ports at Gigabit or full 1000M devices. Special features for security like CCTV mode that extends data and power over 250 meters using standard UTP Ethernet cable or VLAN mode that isolates each PoE port from the others to secure your communications. Managed models to control and setup every option from computer. SFP ports to easily connect to fiber installations and reach long distance network devices.

- Desktop Switch
- 8 Ethernet Ports
- Speed 10/100/1000 Mbps
- Plug & Play
- Power Consumption 85% Reduction
- Supporting Auto-MDI/MDIX

Technical Specification

| Port | |
|---------------------|-----------------------------|
| Interface | 8 Ethernet RJ45 Ports |
| Speed | 8 x 10/100/1000 Mbps Base-T |
| Standard | |
| Network Protocol | IEEE802.3, IEEE802.3u |
| Operating Mode | Store and Forward |
| Performance | |
| Switching Capacity | 16Gbps |
| General | |
| Distance UTP | 100 meters |
| Dimensions | 129.6 x 58.6 x 21.4 mm |
| Working Temperature | 0° C ~ 40° C |
| Weight | 79.5 g |
| Power Supply | 5V DC / 1A Adapter |
