CONTROL PANELS

# MAXPRO Intrusion Control Panel

The MAXPRO Intrusion Control Panels by Honeywell deliver a fully integrated intrusion and access control system solution.

## Overview

Feedback

The MAXPRO Intrusion Control Panels by Honeywell deliver a fully integrated intrusion and access control system solution. MAXPRO Intrusion (MPI) is part of the MAXPRO family of products, and utilizes MAXPRO Cloud for configuration, maintenance, and management.

MAXPRO Cloud is a fully integrated access, video, and intrusion Security-as-a- Service platform. Ideal for small to medium businesses, MAXPRO Cloud makes single or multi-site building security simple and scalable. Users can manage their security system from anywhere at any time via any standard web browser or our innovative award-winning app.

**Features & Benefits:**

- Multi-site management via app for iOS and Android™
- Easy to install and cost effective
- Multi-site deployment made easy with cloud-based configuration and management
- Single, multi-site user database for access/intrusion and multi-site Permission Groups
- Supports low-power V-Plex bus devices
- Compatible with most legacy cable systems
- Customer remote monitoring of multiple sites (secondary to Central Station monitoring)

**Certifications:**

- EN 50131-3:2009 Grade 3 Environmental Class II
