

WP2

E-NR: 5872384

Weather cover for ACRE card readers VR10/VR40 cover in self-healing Magnelis.

Protect your ACRE VR10 and VR40 card readers with a robust weather and protection cover made of self-healing Magnelis. Specifically designed to provide discreet yet effective protection against weather, dirt, and sabotage. The cover features provisions for tamper contacts and cabling, along with practical mounting holes in each corner for quick and secure installation.

Magnelis offers superior corrosion resistance thanks to its self-healing properties and can easily be painted in any colour to blend in with its surroundings or match your corporate colour scheme.
