31 PIECE BIT SET

Slotted, Phillips, Pozidriv, Torx, Hexagon

This versatile and high-quality compact driver bit set from ADI Pro is the perfect addition to the professional installer's tool kit. The 31-piece set features various sized bits, ensuring you always have the correct bit to hand. The set also includes a durable bit holder with a 1/4" drive, featuring a stainless steel sleeve with a strong permanent magnet for enhanced durability and stability. The bit set is housed in a tough wearing plastic case, ensuring the bits can be safely stored when not in use. The case also features printed sizes allocated to each individual bit, ensuring they can be identified and accessed with ease.

WBX31PCSET
