300 mm HACKSAW, 24 TPI

Hacksaw Frame (in-Handle Fixing System)

This durable ADI Pro hacksaw is the perfect addition to the professional installer's tool kit. It comes equipped with a bi-metal blade that combines a high-speed cutting edge with a sprung body, helping you tackle the toughest jobs. The ergonomic handle gives you the control to saw accurately, whilst being comfortable to hold. The cast body is strong yet lightweight, and its powder-coat finish is resistant to chipping and scratching. When the blade breaks, you can easily change it for a new one.

WBXHACKSAW430
