SNAP-OFF KNIFE

Heavy Duty, 18 mm

This durable ADI Pro snap-off utility knife is the perfect addition to the professional installer's tool kit. It offers a heavy-duty stainless steel and plastic housing, making it a durable multi-purpose knife that can be used in a range of harsh environments and on a variety of applications. Additionally, the knife also offers an auto-lock mechanism to allow for optimum safety precautions for the user, as well as ensuring that the blade is stored away safely to prevent it from being blunted when not in use.

WBXKSNAP-KNIFE18

FEATURES

A secure stainless steel blade housing prevents the blade from flexing under pressure when cutting

Ergonomically designed, hard-wearing, heavy-duty plastic housing for optimum user comfort

Ridged thumb groove for superior grip and control, especially when applying pressure on stubborn materials

The auto-lock mechanism ensures user safety when the blade is in use, and safe storage when the blade is not in use

The utility blade is retractable for easy and convenient storage, featuring snap-off blades for safe, easy and efficient blade changes

Supplied with 2 x 18 mm blades with 7 blade segments
