INSULATED PLIERS
180 mm Combination Pliers (VDE)

These ADI Pro 1000V insulated pliers are the perfect addition to the professional installer's tool kit. The pliers are VDE approved, meaning that they have been thoroughly tested and certified, giving you the confidence needed when working on live wires up to 1000 V. The pliers feature smooth, ergonomic handles, making these hand tools comfortable to use for extended periods of time.
